Tata Memorial Hospital, Mumbai**

Under the aegis of International Society of Pediatric Oncology (SIOP), Tata Memorial Hospital Mumbai, UNICEF, Cuddles Foundation, Cankids-KidsCan, ImPaCCT foundation and Pediatric Hematology-Oncology Chapter of Indian Academy of Pediatrics

Dear Friends and Colleagues,

On behalf of Tata memorial Centre, Mumbai, Cuddles Foundation and CanKids- KidsCan, it is indeed a pleasure and great honor for us to invite you for the 'Tenth International SIOP-PODC workshop on Nutrition in Children with Cancer' to be held in Mumbai on January 12th and 13th, 2018. The meeting is being held under the aegis of International Society of Pediatric Oncology (SIOP), UNICEF, ImPaCCT foundation and Pediatric Hematology Oncology (PHO) chapter of Indian Academy of Pediatrics. As we strive to achieve the best care for children and adolescents suffering from cancer and blood diseases in India, we realize how important it is for us to focus on nutrition and share our experiences. This fourth meeting in India aims to bring together all professionals (Pediatric Oncologists, Hematologists, Nutritionists, Nurses and NGOs) involved in treatment of children with cancer in India together, to share their best practices in nutrition and learn from the experts. Several International and Indian experts in pediatric oncology nutrition will be part of the workshop – the program this year has been designed to be interactive.

On behalf of the organizing committee, we extend a very warm invitation to you and looking forward to welcoming you to the academic feast in Mumbai. We hope that the workshop will provide stimulating discussions, networking and co-operation.

Elena J Ladas

Amita Trehan

(Conference Chairs)

Maya Prasad

(Organizing Secretary)
