

PHOCON'17

24th - 26th November 2017

Venue: Novotel Kolkata Hotel and Residences

www.phocon2017.com

Welcome Message

Dear Colleagues and Friends,

Over the past two decades, the Paediatric Haematology-Oncology Chapter of IAP has been at the forefront of academic activity among Paediatricians in India. We are pleased to host the 21st Annual Conference of PHO in Kolkata from **November 24-26, 2017**. This conference returns to Eastern India after 17 years.

We are delighted to present experts from across the globe who will discuss cutting edge advances in the treatment of childhood cancers and haematological disorders. The focus will be on interaction and exchange of ideas that will enable best possible care for these children. The conference aims to bring together over 500 professionals, including doctors, nurses, parents and psycho-social counsellors from various parts of the country.

The medical fraternity will include Paediatric Oncologists, Medical Oncologists, Clinical Haematologists, Paediatricians, Paediatric Surgeons, Radiation Oncologists, Pathologists, Basic Scientists, students and trainees. The Faculty will include distinguished national and international experts in the field.

Join us for three days of debates, discussions and collaborations in Kolkata.
